**COMMUNICATION IN CONNECTION**  
**WITH JANUARY 19, 1994 FILING**

Dear Sir or Madame:

This Communication follows a March 21, 1994 telephone conversation between Mrs. Toni Hood, Drawings Processing Division, Issue Branch, U.S. Patent and Trademark Office, and Applicants' undersigned attorney of record in connection with the above-identified allowed application, and more particularly, with the payment of the base issue fee and the filing of an Amendment Under 37 C.F.R. §1.312(a) on January 19, 1994.

Earlier this month the undersigned had voiced some concern to Mrs. Hood over the possible delay in processing the application to its issuance. Mrs. Hood kindly indicated that she would attempt to locate the file and determine the present status of the application.

Upon review of the file, Mrs. Hood relayed some information to the undersigned regarding the mis-debiting of the base issue fee to the assignee's Deposit Account No. 05-1135 and the inadvertent issuance of a Notice of Abandonment on March 18, 1994, which Notice was subsequently rescinded, according to Mrs. Hood. Mrs. Hood also indicated that the Rule 312 Amendment was not in the file.

### **REMARKS**

In this Amendment Under Rule 312, Applicants are respectfully requesting that the Primary Examiner (and/or his SPE) implement minor changes for this application.

First, Applicants have inserted proper grant information on the first page (as the first paragraph) of the application, as required by 35 U.S.C. §202(c)(6) and 37 C.F.R. §6401.3(a) and 4.014(f)(4).

Second, information relating this application to previous applications in the family has also been included in the first page (after the line "BACKGROUND OF THE INVENTION").

Third, minor errors of a typographical and/or grammatical nature have been corrected on the following pages:

page 14 (lines 20-22);	page 40 (line 13);
page 42 (line 34);	page 50 (line 18); and
page 50 (line 33).	

Applicants respectfully point out that the two changes above [page 42, line 34; and page 50, line 33] were also implemented by a Certificate of Correction filed on May 25, 1990 in connection with U.S. Patent No. 4,711,955 that issued on December 8, 1987, based upon the parent application, Serial No. 06/496,515. Two other changes [page 40, line 13; and page 50, line 18], were also corrected by Applicants' Amendment Under 37 C.F.R. §1.116 and Statement Under 37 C.F.R. §§1.56 and 1.99 that was filed on June 16, 1987, also in connection with the parent application.

It is believed that the aforementioned changes to the specification will benefit the U.S. Patent and Trademark Office, including future examiners, as well as future readers of the general public who may come across the issued patent. It is respectfully submitted that no new matter will be introduced by any of the changes above, most of which were already accepted in connection with the parent application.

Filed: December 8, 1987

Page 4 (Amendment Under 37 C.F.R. §1.312(a) - January 19, 1994)

For the reasons stated above, therefore, Applicants and their undersigned attorney respectfully request the entry of the above amendments to the specification. It is fully understood by all that these items are not a matter of right for the Applicants - and that the Primary Examiner (and/or his SPE) can refuse their entry if so deemed.

Finally, Applicants' attorney has taken the liberty of attaching as Exhibit 1 to this Amendment a set of the allowed claims, 126-130, 134-136, 142-143, 150, 152-154, 156-157, 159-183 and 185. It is respectfully requested that the attached claims (Exhibit 1) be read for the purpose of verifying their language with that in the allowed claims as maintained in the U.S. Patent Office file(s). In particular, attention to the language in claim 150 would be sincerely appreciated, and moreover, might serve to obviate the need for any future corrections.

No fee is believed due in connection with this Amendment. If any fee is due, however, The Patent and Trademark Office is hereby authorized to charge the amount of any such fee to Deposit Account No. 05-1135.

Respectfully submitted,
